

ALESTAR

BARLEY

Standing strong

KEY FEATURES

✓ High yielding variety	✓ Excellent head retention
✓ Medium maturity	✓ Resistant to Powdery Mildew (mlo 11)
✓ Similar maturity to Commander	✓ Very good disease resistance
✓ Strong straw strength	✓ Barley variety (under malt evaluation)

VARIETY DESCRIPTION

Alestar is a Domestic Malt profile barley with medium maturity, 5 days earlier than Gairdner. Maturity is very similar to Commander and Compass. In South West Victoria Alestar out yields Westminster in higher rainfall zones, Alestar yields above or similar to Commander in other regions of Victoria and South East South Australia. Alestar has high test weight, low screenings and a bright grain colour. Alestar has resistance to covered Smut and is MR to Nematode (P.neglectus) and Nematode (P.thornei)
